

AXIAL ROLLING SYSTEMS

A-34 / A-34 G / A-34 LH / A-34 G LH

Ø Shank (D)	25 mm.	30 mm.	1"	1 1/4"	1 1/2"	VDI 25	VDI 30	VDI 40
-------------	--------	--------	----	--------	--------	--------	--------	--------

General dimensions

for right-hand threads

- A-34 to be used stationary only
- A-34 G for stationary and rotary use
- A-34 LH, A-34 G LH (Left hand heads are dimensionally the same as right hand heads but open and close on the opposite direction.)

- inclined position of rolls = 1°15

- weight without rolls = approx. 3.5 Kg.

a= Pull off for opening

b= head opens type A-34 G, open type A-34

c= head opens type A-34 , open type A-34 G

d= Rolling Head closed

e= Rolling Head opened

α= Closing angle 60°

SPARE PARTS FOR ROLLING HEADS

A-34/ A-34 G / A-34 LH / A-34 G LH

Spare parts list for rolling heads

Part. No	Qty.	Part Description
1	1	Shank
2	1	Spring Housing
3	1	Back Plate
4	1	Front Plate
5	3	Eccentric Spindles
6	3	Spacer Studs
7	1	Center Gear
8	3	Outer Gear
9-1	1	Handle Stud
9-2	1	Handle bushing
10	1	Spring
11	1	Circlip

Part. No	Qty.	Part Description
12	1	Circlip
13**	72	Needle Bearings
14	3	Cap Screw
15	3	Hexagon Nut
16	1	Ring Washer
17	2	Head stud
18	3	Thread Roll
20	1	Stop Sleeve
21	1	Stop Screw
22	2	Stop Screw lock-nut
25	3	Washer

** on request can be supplied with carbide bushings. Part No.: 19 Quantity: 3
